GRADUATION AND BEYOND

16 GRADUATES pursued post-secondary education directly after high school.

Our Mission:
We strive to **eliminate barriers** and **foster healthy learning** for a successful future.
We are focused on serving students of **color, low-income youth,** and potential **first-generation college students.**

Today's **RISE** Student

- 96%** are students of color
- 82%** are from low-income homes
- 86%** come from homes where English is not the primary spoken language

The **RISE** program helped **56 students** obtain their driver's permit through funding support from Rice County Reboot.
